The provisions of the Income Tax Act, 1967 requires the assessee to consider only Basic+DA while making EL calculations.

It is advised that the Unit restrains from making back-dated entries.

5 Observations

5.1 Review of Bank

IA team could not verify the Bank Confirmation of the Bank Account - BMS College of Law Alumni Association A/c No 759381 due to non-availability of data at time of audit closure.

Remarks: Bank confirmation of Alumni Association A/c is provided before the closure of audit

5.2 Review of Fees

IA team verified the DCB file in detail and has below mentioned observations:

Sl. No.	Observation	Risk/Challenges	Suggestion
1	Installment wise fee received in from the students is not being tracked in the DCB file.	i. The Unit is unable to differentiate the cut off- fee received in FY 2023-2024 and in FY 2024-2025. ii. Inability to trace the installment from Bank entries to DCB file leading to lack of audit trail.	DCB file to capture student receipts instalment wise, date wise to have better control on the outstandings.
2	One bulk entry is passed for each day of fee receipt, student wise segregation is not available in Tally.	Non-availability of cross reference of the NEFT/RTGS from Tally to Bank statement to the DCB file, subsequent lack of trail for three-way reconciliation.	Student wise, date wise entries to be tracked to facilitate proper head-wise reconciliation
3	Student sub-ledgers are not created in Tally	Non-availability of Actual student wise Fees outstanding data in Tally.	Student wise ledgers to be created and the receivable Vs. received to be tracked.
4	Tally Books of Account is showing excess fees received in comparison to receivable working as per DCB; whereas Receivable is being accounted at the year end. (Refer to the table 1 below for detailed working)	In absence of complete student wise details, the unit is unable to track the difference of INR 12,091. In event of refund claim by any student stating excess remittance the same cannot be cross verified.	Same as above
5	Fee amount received from students who later cancel their admission are provided a refund which is not getting tracked via excel DCB report, hence IA team was not able to ascertain the refund correctness. Further, due to this the Income	DCB file to be updated on a timely basis to remove the students that have cancelled their admission and such records be separated from the main working sheet.	DCB file to be reconciled to Tally and Bank Statement to establish the correctness of Fee Accounting.
